Application/Control Number: 10/735,364

Art Unit: 2817

This application is in condition for allowance except for the following formal matters:

Page 9 of the specification refers to a reference voltage which is the sum of Vref and Voff (last three lines of paragraph 22) with respect to fig. 2, while the figure shows "Vref-Voff". Further, on page 10 of the specification the threshold voltage is referred to as "Vref-Voff" in paragraph 24 and "Vref+Voff" in paragraph 25, both still with respect to fig. 2. It is believed that fig. 2 and paragraph 24 erroneously show a difference where a sum is intended.

Prosecution on the merits is closed in accordance with the practice under Ex parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO**MONTHS from the mailing date of this letter.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Chiou et al. and Seetharaman et al. show transimpedance amplifier arrangements designed to remove DC offset but do not compare or differentiate between an output signal and a reference signal that includes a component corresponding to an input DC component as claimed in all independent claims of the present application.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven J. Mottola whose telephone number is 571-272-1766. The examiner can normally be reached on M-Th from 8 to 5.

Art Unit: 2817

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert J. Pascal, can be reached on 571-272-1769. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
